ADHESIVE LABELS - 13.56MHZ

RFID Adhesive labels have a blank matt paper finish on the top, which protects the chip and the antenna underneath. Thanks to their permanent adhesive layer, with release paper (on the reverse of the label), they can be easily attached to items. They can also be personalised with barcode a or company logo for example.

Available with different IC technologies (13,56MHz), see below, they can also be produced in different sizes.

Delivery form is single die cuts or on a reel.

Product Specification:

- Thickness: 0.5mm (Average)
- Top Cover Layer: White Paper Overlay, White PET Overlay as an option
- Adhesive Layer: Permanent Adhesive with Release Paper
- Carrier: Siliconized Paper
- Packaging: Singularized or Reel

Personalisation:

- Printing of Logo
- Barcode
- Serial Number
- UID Number

Applications:

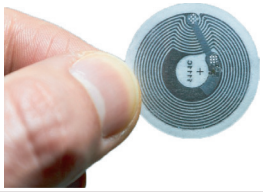
- Supply Chain
- Warehouse/Logistics
- Document Identification
- Stock Control

Benefits:

- Can be easily attached to most items
- Available in a range of different IC Technologies
- Can be personalised
- Strong permanent adhesive

Sizes:

- 27mm
- 30mm
- 58mm



Sizes:

- 38 x 38mm
- 45 x 45mm
- 50 x 50mm
- 55 x 55mm
- 58 x 58mm

Sizes:

- 30 x 26mm
- 44 x 20mm
- 45 x 28mm
- 70 x 40mm
- 83 x 20mm
- 85.6 x 54mm
